Curryville, Ga .- "My mother had a breaking out on her right leg between the knee and ankle which was pronounced eczema. The eczema broke out in pimples and itched and burned so she scratched it and made a solid sore. It burned and itched so she could hardly sleep at night. Her clothing irritated it and her feet and ankles were swollen so she could not wear her shoes and could not walk for sometime.

"She tried several home remedies which did her no good. As a last resort she tried Cuticura Soap and Ointment. She washed the places with the Cuticura Soap and afterwards applied the Cuticura Ointment. One cake of Cuticura Soap and one box of Cuticura Ointment cured her." (Signed) Mrs. D. To Elect May 15.

The State Board of Education, as announced some weeks ago, will meet May 15 to take up all uncontested applications for positions as division superintendents. perintendents. It is, therefore, necessary that papers be filed before that time. So far, it appears that perhaps not/more than twenty-five of the 110 places in the State will be contested. However, there are other candidates who are at work getting up indexes who are at work getting up indexes. who are at work getting up indorse-ments to be filed with the office.

At the same time, the board will determine its procedure with regard to the contests, and fix upon a time for going into the matter. The elections must all be held before July 1, when the new term of four years begins. The board may go into the election at once, or it may defer it for a few days or for several weeks.

Several Brisk Contexts.

The liveliest fights which have so far appeared have been over the election of division superintendents in Southampton, in Cumberland, in Wythe and in Chesterfield. There are five and in clastericid. There are nve candidates in Southampton, all largely indorsed, but the incumbent, William W. White, will retire at the end of his term and will not seek re-election. his term and will not seek re-election. Candidates in Wythe include Prof. George R. Huffard, the incumbent; James A. C. Hurt, principal of the Wytheville High 'School; Neal Williams, a nephew of Attorney-General Williams, and Mr. Crowgey. Dr. Loving is giving Superintendent William G. Owens a hard fight in Chesterfield.

Four years ago this election aroused the greatest interest throughout the State, and played a no small part in the State politics of the year. Many changes were made, in accordance with the policy of Superintendent Eggleston for a revival of educational interest.

It seems there will be no opposition to Dr. J. A. C. Chandler for superintendent in Richmond, nor to R. A. Dobie for the same position in Norfolk.
